Position Available

SENIOR PROJECT ENGINEER

TYPE OF POSITION: Full Time/Exempt

SUMMARY OF POSITION: The purpose of this position is to provide engineering support for the Sabine River Authority's (SRA) divisions including but not limited to engineering design, project management, technical expertise and budget development.

SKILLS, REQUIREMENTS & RESPONSIBILITIES:

- Bachelor's degree in civil engineering or other closely related field.
- Registration as a Professional Engineer within the State of Texas.
- Minimum 10 years of increasingly responsible engineering experience with no less than 5 years management experience.
- Advanced ability to lead projects in a team environment and facilitate collaboration.
- Ability to read and comprehend complex technical literature, books, scientific or technical journals, abstracts, financial reports, and/or legal documents.
- Ability to develop mutually beneficial relationships with consultants, contracting parties and all of SRA's divisions.
- Ability to effectively communicate and relate to the public and demonstrate a positive attitude at all times.
- High proficiency in the use of computers including Microsoft business programs.
- Provide technical support to SRA's operating division.
- Other duties as may be assigned.
- Must be capable and willing to perform assigned tasks with minimum supervision and work flexible hours.
- Must be able to travel occasionally.
- Must have a valid Texas Driver's License.

COMPENSATION: Competitive compensation with benefits.

HOW TO APPLY: Send a completed application form <http://www.sratx.org/aboutsra/employment/> and resume to:
