

# **PUBLIC NOTICE**

Flood Infrastructure Fund (FIF) Upper Sabine Study

**September 26, 2022 at 5:30 PM (Longview, Texas)**

Notice is hereby given that the Sabine River Authority of Texas (SRATX) is hosting a public meeting for review and comment of the current progress of the Upper Sabine Flood Infrastructure Fund (FIF) Study. The public meeting will be held from 5:30 pm to 7:30 pm on Monday, September 26<sup>th</sup>, 2022, at the Longview Exhibit Center located at 1123 Jaycee Drive, Longview, Texas, 75604.

This meeting will occur concurrently with the SRATX's public meeting on the Sabine Regional Flood Plan as the 2 projects are connected to one another. The Regional Flood Plan will be presented first followed by the Upper Sabine FIF Study.

## **AGENDA:**

1. Brief introduction of the Flood Infrastructure Fund (FIF) program
2. Summary of the current progress of the Upper Sabine FIF study
  - a. Current Flood Risk Review
  - b. Areas of Interest (AOI)
  - c. Discussion and public input of current flood risk
  - d. Discussion and public input of areas of flood mitigation interest
  - e. Discussion and public input of potential projects the public would support
3. Connection of the Flood Infrastructure Fund (FIF) to the Regional Flood Plan (RFP)

**SUMMARY OF THE DRAFT 2023 SABINE REGIONAL FLOOD PLAN:**

The Sabine Flood Planning Region includes all or part of the following counties:

Collin	Jasper	Rains	Shelby
Gregg	Kaufman	Rockwall	Smith
Harrison	Newton	Rusk	Upshur
Hopkins	Orange	Sabine	Van Zandt
Hunt	Panola	San Augustine	Wood

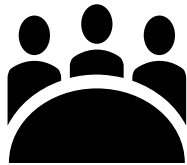

The Draft 2023 Sabine Regional Flood Plan (RFP) addresses the following topics:

- General description of the planning region
- Existing and Future flood risk analyses
- Evaluation and Recommendation of floodplain management practices and goals
- Flood mitigation needs analysis
- Identification and evaluation of potential flood management evaluations, strategies, and projects
- Recommendations of flood management evaluations (FME), flood management strategies (FMS), and flood mitigation projects (FMP)
- Impacts of the regional flood plan and impacts on water supply
- Flood response information and activities
- Administrative, regulatory, and legislative recommendations
- Flood infrastructure financing analysis
