

ADDENDUM NO. 2
SABINE RIVER AUTHORITY OF TEXAS
GENERAL ENGINEERING SERVICES RENEWAL
RFQ# 24-0104E

THIS ADDENDUM IS ISSUED FOR THE PURPOSE OF CLARIFICATION OF REQUEST FOR QUALIFICATIONS FOR THE SABINE RIVER AUTHORITY OF TEXAS, AS FOLLOWS:

Clarifications

The following are clarifications to questions submitted regarding the RFQ:

- Q: Is the Prime Consultant required to provide all services listed in the RFQ or provide a selection of services? *A: Prime Consultant is **not** required to provide all services listed. The intent is to provide SRA with information regarding experience and expertise in selected services to allow SRA to have a group of consultants to select from depending on specific projects and project needs. SRA is not opposed to subconsultant(s) use on projects to supplement the Prime Consultant, however it is not necessary for the subconsultants to be listed in the RFQ at this time.*
- Q: Section 3.B.(1) Transmittal Letter discusses a brief narrative of the services the firm would provide, however there is not an indicated space for this. How does the SRA want this provided? *A: This information can be included in the transmittal letter immediately following paragraph N, or can be as a separate section attached to the letter and referenced.*
