

## Toledo Bend Project (FERC No. 2305)

### Index of Recreation-related License Conditions

#### PROJECT DESCRIPTION AND OPERATION

##### C. Project Recreation Facilities

**Paragraph 17 (pages 5-6)** Lists the several recreation facilities owned and operated by the Sabine River Authority of Texas and Sabine River Authority, State of Louisiana (“the Authorities” or “the Licensees”).

##### F. Proposed Project Facilities, Operation, and Environmental Measures

###### *Forest Service Settlement Agreement*

**Paragraph 23 (page 7)** describes the Authorities’ implementation of the Sabine National Forest Recreation Areas Operations and Maintenance and Capital Improvements Plan.

###### *Additional Measures*

**Paragraph 32 (page 9)** Describes implementation of a Recreation Management Plan (RMP).

#### SUMMARY OF LICENSE REQUIREMENTS

**Paragraph 37 (pages 9-10)** describes requirement to maintain recreational use of the reservoir by maintaining reservoir lake levels between elevation 168 and 172 feet msl, with certain exceptions.

**Paragraph 41 (page 10)** describes requirements related to protecting recreation resources: (1) modification and implementation of a revised RMP; and (2) increases to weekend flow releases from the powerhouse that benefit downstream recreation.

**Paragraph 42 (page 10)** describes requirements to modify the Shoreline Management Plan (SMP) for the control of Chinese tallow on non-federal lands at project recreation areas maintained by the Authorities.

#### License Articles

**Article 405. Seasonal Powerhouse Operations (pages 48-51)**

**Article 406. Reservoir Levels (page 51)**

**Article 410. Revised Recreation Management Plan (pages 52-53)**

**Article 411. Shoreline Management Plan (pages 53-54)**

#### Form L-5 (October, 1975)

#### FERC, Terms and Conditions of License for Constructed Major Project Affecting Navigable Water and Lands of the United States

**L-5 Article 17 (page 65)** requires the Licensees to construct, maintain, and operate, or arrange for the construction, maintenance, and operation of such reasonable recreation facilities.

**L-5 Article 18 (page 65)** requires the Licensees, so far as it is consistent with proper operation of the project, to allow the public free access, to a reasonable extent, to project waters and adjacent project

lands owned by the licensees for the purpose of full public utilization of such lands and waters for navigation and outdoor recreation.

[Appendix A, Forest Service Section 4\(e\) Conditions](#)

**Condition 13 – USFS Recreation Areas at Toledo Bend (pages 74-75)**

Requires the Sabine River Authority of Texas (SRA-TX) to comply with all provisions of the Sabine National Forest (SNF) Recreation Plan.
